9 active instances

Success Criteria: [2.4.4: Link Purpose \(In Context\)](#)

Techniques: [G91](#), [H30](#)

Failure: [link-name](#)

Issue #9 Text and background colors have insufficient contrast

Instructions:

- Use a color contrast checker to verify your foreground (text) and background color combinations meet the required contrast ratios.
- Consider user settings and system themes—avoid overriding high contrast modes that users rely on.
